Staff Movements

We bid farewell this month to Mark Grayson. Mark has been with us since 1996 in the Hardware and Electrical sections and will be sadly missed by his friends on the staff, as well as customers. Mark has decided to change career paths and join his father on the family farm. We wish Mark all the best, and thank him for his years of service to the Co-op and our customers.

Jackie Hilton from our office has also decided to leave the staff this month, after almost 20 years with the Co-op. Jackie has decided to have a change, and will be working part time at the Spring Creek Mountain Cafe. We would like to thank Jackie for her many years of loyal service, and wish her all the best for this move.

Congratulations to Lisa Weier and her husband Michael on the birth of their second child, Sophie Grace.

Produce F.A.Q.

- Q. What is the best product available to condition my horse's coat
- A. There are two main products used to help condition a horse's coat, Black Sunflowers (oil sunflowers) and vegetable oil. Most horsefeeds contain either of these products, or a mix of both. Cool Command pellets have a good mix of both black sunflowers and vegetable oil, and are great for this purpose. We have had a great deal of positive feedback from customers on the shine produced by Cool Command. A 20kg bag of Cool Command currently retails for \$22.71 including GST.

Please come in to the store and speak to our friendly staff about all of your rural requirements.
