## Your Co-op, your news! March 2018

### **FAREWELL FROM PAT BROSAN**

After almost fifty years the time has come for me to change direction. On the 21st of April I will commence pre-retirement leave and plan to focus on my farming interests, family and travel.

I think it fitting to thank our shareholders, customers, suppliers, directors, management team and staff, both past and present, for their assistance and support during my time with the Co-op.

Congratulations to our board of directors on appointing Marissa Costello to the role of General Manager. I wish the board and management every success for the future.

### **STAFF NEWS**

All the best to Maddison Lamb who has left our admin staff this month. Maddy is leaving to join her family business after 3 years as our debtors clerk.

Katie Schulz has been appointed to the debtors clerk position—welcome Katie!

Sara Winfield left our Supermarket team this month. We would like to thank Sara for her service over the past 14 years and wish her well in her new role.

**Congratulations** to Ashley Hargrave and husband Troy on the birth of their son Mason, a little brother for Miah.

Whilst in store pop into the Fruit and Veggie Department as they are starting to stock Winter soup packs ready for the cooler weather.

## **PRODUCE**

The weather is not being kind at all and there is no sign of decent rain in the near future. We have been here before and we will battle through again.

We have good stocks of all broadleaf weed herbicides for fallow country or for in-crop in early planted oats. The feed is not growing, but the weeds are certainly doing well so look after what you have got planted.

We have a good range of salt blocks on hand for all different situations and stock. We have blocks for breeders, weaners or good all-round use. Try the indicator system to see which block suits your property.

The three day sickness is about and is as bad as we have seen it in years, so keep a close eye on your stock, they are too valuable to lose.

The mice have come in quick as well, so see us for all your baits, traps and glue pads. We have plenty of product on the shelf.
