Spring is here and the weather has been brilliant, both for the grain growers and the grass country and stock people. The rain just keeps coming and keeping everything going. We are starting to get stocks of Summer crop seed, millets, lab-lab, maize, sorghum and pasture seed. With pasture seed, we can mix up a brew to suit individual orders and requirements.

We are also stocking a good range of steel cattle panels, gate in frames, slider gates, ramps and race bows. We can order in different sizes to suit your needs. Good stocks of wooden strainers, stays and split posts (all iron bark) are also available.

For the cattlemen, there are plenty of lice about, and ticks are on the move, we have plenty of stocks of pour-ons, sprays and tags so please call in and see us.

## **Home Timber & Hardware**

We also stock a large variety of soil mixes, manures and potting mixes along with a great variety of plants and seedlings.

With all the rain and warm weather we will start to see the unfortunate presence of snakes. We have a great special on our twin packs of Radar Snake Defence for just \$79.00—available until Sept 30.

If you are after sewing and knitting supplies we have recently increased our range so pop in and see what we have to offer.
