Staff News

This month Tina Butz has joined our Deli team-Welcome Tina. We sadly said goodbye to two of our Supermarket members, Kylie Corcoran and Emma Austin. Good luck with your future endeavours ladies!

We would like to thank everyone for supporting our recent nursery expansion. It's great to have the space to offer a larger variety of stock, seedlings, plants and flowers. Keep an eye out as we continue to bring in more of your favourites and new lines at competitive prices. With town water restrictions now in force, you may want to consider a new rain water tank or expand on your current water storage. We have an array of sizes to suit your needs and offer delivery direct to your door. Please enquire at the Hardware counter for details and pricing.

Summer is coming! Come on down to Betta and check out our great range of fans and cooling systems to be ready to beat that scorching summer heat. Get in now and get organised for Christmas. There's something here for everyone. A new vacuum for Dad, a TV for Mum, a remote control monster truck for the kids and plenty more.

Well it's certainly looking nice and green around the hills again which is great to see. Unfortunately we have gone from one extreme to the next, so we have had a lot of cattle with bloat and grass tetany. Grass tetany, also known as grass staggers is a metabolic disease involving a magnesium deficiency, which can occur in livestock usually after grazing on pastures of rapidly growing grass. To assist with this we have a new supply of magfertet blocks, bloat drench and oils which can minimise the effect of grass tetany. Ticks have been rampant around the area, not just causing trouble for calves, but also cattle with a bit of size about them. We have a huge supply of python tags available. With ticks being as bad as they are, we recommend using one tag in each ear. Also we have plenty of tick preventatives for your cats and dogs. Anyone wanting to plant a summer crop please see us now as stock is getting very low, especially sorghum seed.
