CRT—YOUR LOCAL BLOKE

With the storms rolling in the Summer plant has well and truly kicked off, with mostly corn, sorghum, sunnies and soyabeans being buried for grain and our millet seed proving popular for forage and hay.

With most of the region receiving some good rainfall, the seed and fertiliser will get busy, so please give us a call to ensure that we can cater to your needs. A new load of ironbark fence posts has arrived, including strainers, stays and some absolutely cracker splits. Be sure to pop in and have a chat to your local bloke this December, but if you don't get the chance we would like to wish you a very Merry Christmas and a safe and happy new year!
