*Your Co-op—Your News! December 2018*

## *Happy New Year!*

Thank you for your support during 2018. It has been a particularly tough year with the ongoing drought, let's hope that 2019 brings us health, happiness and prosperity.

At our recent staff function we celebrated the long service of Pat Brosnan, who completed 50 years service while on pre-retirement leave. 10 year service awards were presented to Jodie Frank (Hardware) and Susann George (Supermarket and Cleaning). Both Jodie and Sue have done previous stints on our staff, returning in 2008.

## Produce News

Same old story... where is the rain!! It has got really dry again, the crops and grass country are all under stress.

Another worry is dam water. This has become really serious, with this heat the levels are dropping quickly.

We just have to hope for storms in the near future.

Buffalo fly are only just starting to turn up. We have good stocks of tags, pour-ons and back rubbers which will do the job. Ticks are really causing concern with cattle, horses, dogs and cats all being affected. Come and see us for treatments for prevention of tick problems for all animals.

When it does rain (which will happen) we have good stocks of maize, millets, forages and all bean seed on hand. No good ordering until it rains.

It is fingerling time again. Please call us to order cod, yellows and silvers.

**CHEP PALLETS:** Please return any pallets to us as soon as possible as we are running very low. If you can't drop them to us, let the Produce know and we will organise to collect them.
